

Soul Circle

a discussion group
interested in matters of
spirit

Up for a coffee and a chat?

Are there questions you'd like to mull with
another?

Have you read a 'metaphysical' or 'new science'
book lately and would like to discuss it?

Join us for our discussion group!

Bring your ideas and questions, observations and experiences of living the spiritual life in a physical body. This is an informal and friendly get together that will introduce you to others also interested in personal growth.

Coming together in a supportive like-minded group is very healing. It enhances the energy, wisdom and the sense of connection for each person.

Together we'll explore topical issues and subjects and discover useful ways to approach life with greater serenity and vision.
